Also, please describe or provide a link to program admissions policies that allow students to enter with credit for prior graduate work, and the expected implications for time to completion. Please indicate NA if not applicable:

Note: Students are eligible for entry only if they have received a master's degree or equivalent. Doctoral students work with the program to develop an individualized program of study which allows students to gain appropriate credit for previous graduate work as described in our program Handbook: http://www.psyc.jmu.edu/cipsyd/documents/ci_handbook.pdf. Prior work does not reduce expected time to completion since three years of in-residence study, plus one year of internship are part of the minimum program requirements.
